JUSTICE AND RIGHT

VOLUME XLIX

GRAYLING, MICHIGAN, MARCH 10, 1927

OSCAR P. SCHUMANN, Editor and Proprietor

NUMBER 10

## TOURNAMENT BEGINS TODAY

A FINE SCHEDULE OF GAMES AWAIT SPECTATORS

The schedule of games is announced for the second annual district basketball tournament to be held in the gymnasium of Grayling school, beginning this Thursday afternoon. Vanderbilt will open the season with West Branch St. Joe. This is scheduled for 2:30 o'clock, and will be followed at 3:30 by Mc Bain vs. Houghton Lake. In the evening at 8:00 o'clock Roscommon will fight it out with West Branch. At 9:00 Grayling will meet Lake City. This is surely a great schedule for the opener and will eliminate three class D and one class C teams for championship of the district.

On Friday afternoon the winners of Thursday's games will compete for places in class D finals, and in the evening the winner of the Grayling-Lake City game will compete with Gaylord for class C finals.

On Saturday afternoon at 2:30 the consolation games will begin, with the teams that lost out on the first day and evening will compete for the consolation cups. On Saturday night at 8:00 o'clock the winners of class C and class D championships will compete for the tournament championship.

Every hour is filled, beginning at 2:30 o'clock Thursday afternoon until the final game Saturday evening. There will be no games played forenoon during the tournament.

The price of admission for the tournament is \$1.25, or on an average of about 10 cents per game. Single admission for adults is 35 cents for afternoons and 50 cents for evenings.

Referees for the tournament are H. J. Huebner of Saginaw and Roy O. Milnes of Grayling. These gentlemen acted in that capacity at the tournament last year and it will be remembered they gave excellent satisfaction and were much praised in the manner in which they handled the games.

### Notes

It is very much regretted that the schools of Mio and Wolverine were not permitted to participate in the games at Grayling. Alpena claims these teams are in that district and neither team wanted to transfer.

Both Wolverine and Mio desired to come to Grayling because this city is much easier to reach. They claim the trip to Alpena is a hardship and overtaxes the players so that they are not able to do their best.

Supt. B. E. Smith and the school board have been doing everything possible to prepare for the tournament. Additional seating capacity has been added and should easily seat 200 more people comfortably. Supt. Smith has been busy working out the many details that are always necessary during a basketball tournament.

President W. W. Lewis of the Board of Trade has requested the committee in charge of the tournament to issue an invitation to the members of the visiting teams and their coaches and supporters to feel free to enjoy the privileges of the Board of Trade rooms during their presence in the city.

The management of the tournament hopes that everyone will feel at liberty to applaud and cheer the players during the games but requests that unnecessary loud calling or anything that may appear discourteous or annoying to any of the players be avoided. There will no doubt be a large number of people in the gym and it is hoped that all boisterousness may be avoided.

The State High School Basketball Association has issued a bulletin pertaining to the conduct of pupils and others during the games, which we are pleased to publish at this time. It time be enrolled among these honorable members.

## J. DERMODY TALKS TO BOARD OF TRADE

E. M. T. PUBLICITY DIRECTOR TELLS OF PLANS

The members of Grayling Board of Trade listened to an inspiring address last Thursday evening when Joseph Dermody of Bay City talked about Michigan and the efforts of the East Michigan Tourist Association and the Northeastern Michigan Development Bureau, of which he is the publicity director.

The attendance at the banquet at Shoppenagon Inn was not as well attended as usual but was a most enjoyable affair throughout. President W. W. Lewis didn't lose any time in launching into the speech-making and introduced Charles Peterson of W. W. Young, Michigan's chief forest fire warden.

Mr. Peterson spoke briefly concerning matters of the department. Among other things Mr. Peterson said that fire control and protection is one of the biggest things, and that in spite of the vast destruction of timber by fire that we still have something worth while. He spoke very highly of Leigh J. Young, director of the conservation department, intimating that he expected concerted action for conservation. Mr. Peterson suggested that the people of Michigan should not hesitate to ask for service.

Mr. Dermody, in his opening remarks, paid the highest tribute to County Agricultural Agent R. D. Bailey of this county for the splendid work he is doing and cited many examples of some of his especially prominent achievements. The speaker gave a beautiful and inspiring resume of the recreational attractions afforded by eastern Michigan. He embellished his address with a series of humorous stories, as well as editing.

## R. D. CONNINE 40 YEARS A MASON

GRAYLING LODGE CONFERS A LIFE MEMBERSHIP

A life certificate of membership was conferred upon our well known citizen, Richard D. Connine, by Grayling Lodge No. 356, F. and A. M., at their regular meeting on Thursday night of last week.

For forty years of membership and service of Mr. Connine to his lodge has won for him the deepest esteem and love of his fellow members, and as he saw the lodge grow from a modest membership to its present status, he too grew richer in Masonry and in the things for which that order stands. Since the year 1886, when he received the degrees of the order, he has seen hundreds of members initiated into the order, and through all these years has been active in the work of Grayling lodge. He is the present treasurer of Grayling lodge, which office he has held continuously for more than a quarter of a century.

There was a large attendance at the meeting and it seemed that everyone shared in the happiness of the occasion, and the honored guest in his usual manner accepted very graciously and with a deep feeling of gratitude the many fine tributes that were paid him by his brother Masons.

Following the meeting in the lodge room, a splendid banquet was served in the dining room where about a hundred members helped to celebrate the occasion by participating. A number of visitors from Roscommon and Gaylord were present, and with Pastmaster M. A. Bates as toastmaster, a number of short talks were given. Eight Masonic pastmasters were present and each responded nicely with talks.

Three other names besides that of Mr. Connine now grace the roster of life members—George W. Comer, initiated in 1881; Rasmus Hanson, in 1881 and Wright Havens, 1882. Mr. Bates is fast approaching the forty year mark and will, no doubt, some be pleased to publish at this time. It time be enrolled among these honorable members.

## Tapping Time

## JOHN B. RATTO MUCH ENJOYED

GAVE INSPIRING COMMUNITY TALK

The closing number of the local lecture course was presented at the Michelson Memorial church March 1, by Mr. John B. Ratto. The usual large crowd that has characterized the lecture course this winter was present to enjoy the unusual and most interesting program.

Mr. Ratto is doubtless one of the greatest impersonators on the stage today, and held the interest of his audience from start to finish. His impersonation of various nationalities was remarkably well done and though his audience watched him during his make-up, when he had applied the final touches and adjusted his wig and again turned to the audience, an entirely different character greeted them. As has been expressed by someone who enjoyed the entertainment: "Mr. Ratto lived the character he was impersonating."

The closing part of Mr. Ratto's program was given over to the impersonation of Lloyd George, Clemenceau, Marshall Foch, Gen. Pershing, ex-President Roosevelt and Wilson. Mr. Ratto proved himself to be an entertainer quite out of the ordinary, and many have declared that his program was the best number on the local course this winter.

In closing his program Mr. Ratto gave an unusually interesting and gripping talk on community spirit and things worth while. This talk has been spoken of by so many of his hearers that through Mr. Ratto's kindness we are able to reproduce it here at some length:

### CO-OPERATION

Lord Bulwer Lytton in his great novel, Lancelotti has one of the characters say: "It shall never be for a few to guide and lead the many; the many may be as wise as the few, but where a few cease to guide and lead, that community fails to improve."

This was true during the French revolution; it was true when Lord Bulwer Lytton lived and wrote; it is true today, because we are born into this world in the midst of sin, deceit, misery and corruption in many forms. It is not a war of four years we can fight, win and settle; it is the eternal battle of life that every one of us must fight from the cradle to the grave. God has given us one weapon for all this fighting—loyalty to truth. It is not a weapon of steel, but one of the heart and mind, and much to the shame of us men—women have sometimes proven better fighters than men.

The army that fights this battle

has its barracks; they are located in our churches, schools, civic and social clubs and kindred things that bring us an inspiration for better living. All of these take effort and energy to establish and to maintain.

You can't have a church without going in debt; you can't have school buildings without aggressive school boards and issuing bonds; you can't have a public library unless someone digs up a board gets on the job; you can't have anything that stands for anything that amounts to anything unless someone gets out and does some hard work and spends some money.

Then the question comes, if these things are essential to a community, if a community is known by the manner in which they support these things, who should tend to them?

God points with unerring finger to the man and woman whose duty it is to respond to every call for the welfare of their community. That person may be a doctor, a lawyer, a policeman or a mother, but the finger points to the man and woman whose duty it is to respond to every call for the welfare of their community.

We do not ask that they turn over their wealth; neither do we want a deed to their real estate or the profits of their business, but every community has the right to expect that the influence of that wealth, the genius of that industry, the power of that business and the real estate be used for the welfare of the community that made it possible and protects it. That is socialism; it is the Gospel of God, it is the brotherhood of man. There is no such thing as a man or woman superior to, divorced from or not in debt to the community in which they live.

That is the message of these words: "Service. You and I will never know true happiness 'till we learn to serve in our respective communities."

John B. Ratto.

## ANITA AND RUTH THOMAS GIVE BIRTHDAY PARTY

Miss Anita Thomas, eight years old, and sister Ruth, four, entertained a number of their little friends at a birthday party Saturday afternoon at Temple theater. The little Misses are daughters of Mr. and Mrs. Harry Thomas. The afternoon was happily spent playing games and dancing. And of course there were eats and Mrs. Thomas made them all glad with good things served in the Odd Fellow for some time to come.

Those in attendance were: Mary Jane Joseph, Monica Hewitt, Margaret Smith, Jean Land, Georgiana Land, Georgiana Olson, Jarine Peterson, Audrey Hewitt, Beverly Schiabe, Billy Joseph, Don Gothro, Cletus St. Pierre, Wayne Nellist, Junior Nelson.

## REV. FRAZEE PASADENA, CALIF.

WAS PASTOR GRAYLING M. E. CHURCH 20 YEARS AGO

Rev. E. W. Frazee, a former resident of Grayling and pastor of the local M. E. church has written the Avalanche a letter which we are sure will be of considerable interest to those who resided in Grayling at the time of his pastorate here. The letter reads as follows:

795 N. Marengo Ave., Pasadena, Calif. March 1, 1927.

To the Editor of the Avalanche: Dear Sir: I will see by your files of 20 years ago that I was then pastor of the Methodist church, having just come from the Isle of Pines, Cuba.

I was a frequent visitor at the printing office and the editor often published items for me, notably, a Decoration day sermon for May 30, 1907.

I would like you to send me a copy of your paper that I may see the names of your business men and see the advance of Grayling in 20 years. There are many of my congregation whose names I would like to see again.

I am sending you a newspaper clipping from the Pasadena Star News, and a sermon in booklet form, that if you would make an item of it in your paper would be news to many of your readers.

If you choose to convey to them the remembrances and regards of their pastor of 20 years ago, now an old man of 66 years, ending his days on the Pacific coast in southern California, I would appreciate it and thank you very much.

I am happily located at 795 N. Marengo Ave., Pasadena, Calif. Sincerely yours,

E. W. Frazee.

In reporting Rev. Frazee's "Birthday" sermon the Pasadena Star News says in part as follows:

Rev. E. W. Frazee, a retired minister of Detroit, Conference of the Methodist Episcopal church, was being congratulated today on his 66th birthday sermon, preached at the Lincoln Avenue Methodist church, of which he is a member, Sunday morning.

"Birthday" sermons have been given by Rev. Mr. Frazee since he was 30 years old. He lives at 795 N. Marengo avenue.

In his sermon on "An Old Man's Memories of Christ," Mr. Frazee told of how John, "the disciple whom Jesus loved," had to be helped to the pulpit in his declining years to advise children "to love one another" and to give the benediction.

"The speaker also related events in the life of Jesus that was recalled by the aged disciple and said that when 'St. John, the Aged' had grown so infirm that he could hardly see, he still wanted to 'lean on the Master's bosom.'"

"After 86 years of this mortal life, seventy years preaching the Gospel and a knowledge of Christ as my personal Saviour since I was 13 years old, I know that Jesus Christ is the first, last and best hope of every human life," Mr. Frazee said.

## VILLAGE ELECTION NEXT MONDAY

TWO TICKETS ON BALLOT FOR FIRST TIME

The annual village election will occur next Monday, March 14, at the town hall. Two tickets will appear on the village ballot for the first time in its history—Citizens and Peoples. The names of good men appear on both tickets and inasmuch as there are no party principles as it appears, the candidates must be selected with a view to their personal fitness.

It is good citizenship to vote and we hope to see every voter who can possibly do so go to the polls next Monday. The polls will open at 7:00 a. m. The candidates, as they will appear on the ballot, are as follow: President—

Hans Petersen, Citizens'.

George Burke, Peoples'.

Clerk—

Roy Milnes, Citizens'.

Treasurer—

Carl W. Peterson, Citizens'.

Carl Jensen, Peoples'.

Assessor—

James W. Sorenson, Citizens'.

Trustee, Two Years—

Thomas Cassidy, Citizens'.

Chris King, Peoples'.

Trustee, Two Years—

G. W. McCullough, Citizens'.

George W. Sorenson, Peoples'.

Trustee, Two Years—

Erna Grant Shaw, Citizens'.

George Rielski, Peoples'.

SHERIFF SETS VISITING HOURS FOR JAIL

Sheriff Bohemeyer announces that hereafter visiting hours at the jail will be between the hours of 7:00 and 8:00 p. m., on Tuesdays and Fridays only.

Mexico, having had a few revolutions of her own, feels able to contribute expert advice as to how those of other countries ought to be conducted.—Washington Star.

## Principal Events In Grayling 25 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 25 YEARS AGO.

Thursday, March 13, 1902

Thor, Ambjornson has gone to Washington and Oregon on a prospecting trip.

F. L. Michelson came down from Johannesburg the beginning of the week.

The first thunderstorm of the season came Monday night, and was a "Jim Dandy" with most brilliant lightning.

Miss Flora M. Marvin has been appointed county school commissioner in place of Chas. E. Hicks, deceased. Her work in the past is a guarantee of the future.

Mr. and Mrs. W. S. Chalker of Maple Forest came down from the farm last Saturday for Post and Corps meetings, and visited with friends until Monday, leaving for home in the afternoon.

From a letter received from R. Hanson, we learn that the party is still in Florida and enjoying themselves, although they had bad weather from the time they left Grayling. They expected to remain in that state another week from the time of writing.

G. L. Alexander went to Ann Arbor last week, and brought home his son Fred, who has been ill for some time, and will have to postpone his studies for a while. It is hoped that the pure air of this section and a little outdoor life in the woods will bring him out all right.

Postmaster Kiely of Frederic accompanied by his son were in town yesterday and made us a pleasant call.

A Canadian gentleman, last week, claiming that H. C. Ward owed him \$15,000.00 for tobacco, had him served with a capias while he was in the King's dominion, and he was technically in custody several hours until bonds could be arranged. Action was begun in the Superior court, to remove the capias, which will be promptly done.

A number of counterfeit five dollar silver certificates, so well executed as to escape detection by the unpracticed eye, have been in circulation in Bay City during the past week. Several of these bills have fallen into the hands of Deputy United States Marshal Tobias, who is endeavoring to locate the source of distribution.

A severe snowstorm visited the states of New York, Ohio and Kentucky last week, while in these northern woods we were enjoying spring weather. From 10 to 15 inches of snow fell in Ohio and Kentucky, and railroad traffic was interrupted in many sections.

Township election will be here in a few days, but candidates for the several offices seem to be lacking. Ambitious ones should make known their desires.

There is a magazine story of a man who was a poor newspaper worker 2 years ago, but who is now the executive head of a \$8,000,000 oil company. Poor newspaper men are usually driven out of the business into something of that sort.

entering university girls. They also sent in \$100 in addition, given by two of their Michigan men. There are hundreds of Federated Women's clubs in the state of Michigan, every one of which should contribute to the league fund, and through their gifts, help the girls at Michigan.

Prohibition enforcement officials will be allowed to let their sense of smell lead them to places where illicit liquor is being made, if a bill introduced by Senator Pulver becomes a law. What a good thing that fried onions are not banned by the statutes.

The club met at the home of Mrs. Eva Joseph Monday evening, March 7th.

Mrs. Bertha Peterson was director and was assisted by Miss Jean Swinton. Mrs. Peterson read and explained "Gradation" by Josiah Gilbert Holland. This poem is not as well known as some of the others but contains some simple bits of philosophy: "Heaven is not gained at a single bound; but we build the ladder by which we rise," is the predominating thought of the poem. "A noble deed is a step toward God," is another thought worth remembering.

Miss Swinton gave an interesting account of the life of Dante Gabriel Rossetti. He was an artist as well as a poet and this fact is shown by the vivid pictures he paints in his poem, "The Blessed Damsel." This poem was written about his wife ten years after her death. Rossetti had a very wonderful love for his wife and it is beautifully portrayed in this poem.

Mrs. Peterson read, "I shall not pass this way again," by Eva Rose York. There is a valuable bit to be remembered from this poem: "Never miss an opportunity to do a kind deed."

Mrs. Peterson gave an interesting account of the life of John Greenleaf Whittier and read his poem, "The Eternal Goodness."

Extracts from University of Michigan League Leaflet

The Grayling Woman's Club has signed a pledge of \$150.00 to be allocated to three life memberships for

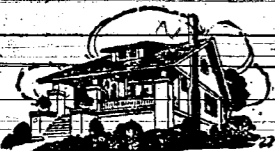

## Close-ups with a Kodak

give new zest to picture-making. Just slip a Kodak Portrait Attachment over the regular lens equipment—the subject is brought into sharp focus at close-up range.

We'll gladly explain this and many other forms of home Kodak fun, if you'll ask at our Kodak counter.

## Good Sportsmanship

For Students and Others

"Sportsmanship is that quality of honor that desires always to be courteous, fair, and respectful, and it is interpreted in the conduct of players, spectators, coaches and school authorities."—Fielding H. Yost.

High School Students

Should set a good example in the matter of sportsmanship and should quickly condemn unsportsmanlike conduct on the part of either other students or adults. To this end they should—

(1) Remember that a student spectator represents his school as does the athlete.

(2) Recognize that the good name of the school is more valuable than any game won by unfair play.

(3) Respond with enthusiasm to the calls of the cheer leader for yells in support of the team especially when it is losing.

(4) Learn the rules of the various athletic games so that either as spectators or critics they will be intelligent.

(5) Accept decisions of officials without question.

(6) Express disapproval of rough play or poor sportsmanship on the part of players representing the school.

(7) Express disapproval of any abusive remarks from the side-lines.

(8) Recognize and applaud an exhibition of fine play or good sportsmanship on the part of the visiting team.

(9) Be considerate of the injured on the visiting team.

(10) Insist on the courteous treatment of the visiting team as it passes through the streets or visits the local school building, and extend the members every possible courtesy.

(11) Acquaint the adults of the community and the grade pupils with the ideals of sportsmanship that are acceptable to the high school.

(12) Impress upon the community its responsibility for the exercise of self-control and fair play at all athletic contests.

(13) Advocate that any spectator who continually evidences poor sportsmanship be requested not to attend future contests.

(14) Insist on fair, courteous, and truthful accounts of athletic contests in local papers.

(15) Be familiar with the state rules of eligibility and support their strict enforcement.

(16) Encourage the full discussion of fair play, sportsmanship, and school spirit through class work and auditorium programs in order to discover ways by which students and schools can develop and demonstrate good sportsmanship.

## When Considering Her Pleasure and Convenience

One of the very first items to think about is the greater convenience of Electrical Appliances. They lighten housework in many ways. As a gift no other one thing can be considered along with the above.

Grayling Electric Co.  
Phone 292

TOWNSHIP 2 NORTH OF RANGE 3 WEST

A table near the door of a second-story room and bookshop speaks pathetically of the ambitions, vanities and sentiments of the past—it displays a pile of once treasured, now humbled and discarded photographs. Here a burlesque through the mass, fair women come to view in the galleries as far as their shoulders, in the spangles and fluffs and frills; hips and spangles and limbs in tights. The men are in whiskers and high hats and some of them are boldly inscribed with names once well known.

Costumes call to mind popular theatrical roles of long ago. A pompous, powdered beauty with a rose behind her ear once acted with the "Innocent" (Lalands) company at the Trocadero and a girl in a tight ermine jacket once played at Paradise gardens. A dancing miss from some forgotten musical show naughtily lifts her skirts to her knee. Many of these photographs, displayed publicly in their day, A. J. T. form in black carries, the flashing line: "Allow me to present Elizabeth Barré, Mr. Ebert."

Even among those obviously of the actor is as strong as the publicity man. A wishful face in a decorative unbonnet wishes "true success in all things in life" from Duluth, Easter 1897.

1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 2679, 26

**Value of Friendship**  
Seneca, a famous Roman, born in 54 B.C., crowned friendship very tenderly. He said that friendship is that of all felicities the most charming. It is that of a firm and gentle friend who, "it sweetens all our cares, dispels our sorrows and counsels us in all extremities. Nay, if there were no other comfort in it than the bare exercise in so generous a virtue, even for that single reason a man would not be without it; it is a sovereign antidote against all calamities—even against the fear of death itself."

Five centuries later, Euripides, the Greek dramatist, "a master in the art of understanding the tender and the passionate side of life," said that friendship meant to him "a good and a good man." He said, "and a good thing to be strong, but it is a better thing to be rich."

[illegible]

From the days of Socrates and Xantippe, men and women have known what is meant by nagging, although philology cannot define it or logic and chemistry resolve it into its elements. Humor cannot soften or wit divert it. Prayers avail nothing and threats are idle. Soft words will increase its velocity, and harsh ones its violence. Darkness has for it no terrors, and the long hours of the night draw no drapery of the couch around it. The chamber where love and peace should dwell becomes an inferno, driving the poor man to the saloon, the rich one to the club; and both to the arms of the harlot. It takes the sparkle out of the wine of life, and turns at night into a justice the fruits of the labor of the day. — Austine Hill, in *West's Docket*.

...and the ...

The substantial part of the meal was finished, and the dainties were on the table. Tommy's eyes brightened—it was an interesting moment for him. "Will you take tart or pudding?" asked his father.

"Tart," said Tommy, promptly.

The parent smiled as he recalled the many lessons in good manners and decent behavior which he had endeavored to instill into his son.

"What?" he queried gently. But Tommy's eyes were glued upon the pastry.

"Tart, what?" again asked the father sharply.

Tommy hesitated for a moment. He looked from his father to the delicacy, as if for inspiration, then: "Tart, first!" he said, triumphantly.

**Forming Habits**

**THE UNIVERSITY OF CHICAGO**

thoughts and habits always by the same course. These get in time actually well trained, like a footpath, and a nerve current will flow more readily along these than through the unbroken and untrodden channel. But we can write and re-write, or use a knife or spoon with the left hand. A physiological reason why habits are so easy to check at first, so difficult afterwards, is thus shown. Now, never, then, let a child acquire bad habits, however trivial. An education that does not begin to be done before the age of five years will be done afterwards with far less ease than afterwards.

peated, amare and possess the souls of  
 every man, woman and child who  
 comes within hearing of them.  
 My heart leaps within me, and my eyes  
 rain tears when I hear them. And I  
 observe that many others are affected  
 in the same manner. Alcibiades, in  
 "The Symposium." (Jowett's Transla-  
 tion).

---

**Ecclesiastical Courts**  
 The Episcopal church in England  
 and in the United States has always  
 maintained ecclesiastical courts.  
 However, these courts are not in ses-  
 sion except when specially called.  
 There is one that is ready to function  
 in each diocese in England and in the  
 United States

Don't miss the cake raffle in connection with the Woman's Club bake sale Saturday, March 12th. The cake—a gorgeous angel's food—will be on display in the Kraus hardware store. Chances are being sold for 10 cents each or three for a quarter. Inquire at Kraus store.

Mr. Persons of Detroit, the booking agent of the Redpath Lyceum Bureau was in town last week and contracted with the Lyceum committee of the Epworth League for another five number course for next winter. An excellent course has been arranged for and a large sale of tickets can be expected.

Amos Doremán, a former resident of Grayling, had the misfortune last week while working in the woods near Caro of having a tree fall upon him, breaking one leg and badly spraining the other. While in Grayling Mr. Doremán was in the employ of Dr. Insley and will be remembered by many of our citizens.

Next Wednesday evening, March 16, the Grayling Independents will have for their opponents in a game of basketball the fast Fort Brady team of the Soo, with an added attraction of a couple of boxing exhibitions. The ball game will be held at the school gymnasium at 8:00, followed by the boxing matches at the Temple theater, which will be about 9:15. The prices of admission are: students, 25c; ladies, 50c; gent's 75c. Your ticket to the ball game will entitle you to admission to the boxing exhibition at the Temple theater.

Mrs. Henry Stephan returned home Thursday of last week from Oxford, where she had gone to visit the Mancel Cone family. The mother of the family passed away a few weeks ago leaving six children, the oldest nine years old, and Mrs. Stephan went to see about taking the baby to take care of. Mrs. Cone was a half sister of Mrs. Henry and John Stephan of this city and the daughter of Charles Cook of Eldorado. The family is well known in Crawford county.

Of interest to her many Grayling friends is the marriage of Miss Maude Taylor, daughter of Oscar Taylor of this city to Mr. M. B. Greenbury of Detroit. The ceremony took place last October and it was only recently that she announced their marriage to her relatives and friends. Mrs. Greenbury was a graduate of the Grayling high school in 1925, and since that time has been attending Ypsilanti Normal, where she had been preparing herself for a physical training instructor. The couple will make their home in Detroit. The bride has resided in Grayling for a number of years and has many friends who wish them success and happiness.

H. Helper is in Bay City this week on business.

Dr. R. E. Goslow spent Sunday in Mt. Pleasant visiting friends.

Miss Helen Granger visited friends in Monroe over the week-end.

A good tonic builds up your system. We sell Nylol, Vinol, Tanlate, Adlerka and many others. Central Drug Store.

Dr. and Mrs. C. G. Clippert left Sunday on a motor trip that took them first to Lansing and then to Detroit. At Lansing they were guests of Dr. and Mrs. Charles Bliss and in Detroit they will visit relatives and friends, expecting to be gone a week or ten days.

Mrs. Leonard Schomberg and daughter, Ruth Anne of Petoskey are visiting at the home of the former's parents, Mr. and Mrs. Louis Johnson. They expect to return to their home the latter part of the week. Mrs. Jacob Miller, who has also been visiting the parental home for a week, returned to Detroit Sunday.

Angus McPhee was in Grayling from Thursday to Sunday calling on old friends, this being his first trip here in two years. On his visit here he brought the news of the birth on March 1st of another son to his daughter and husband, Mr. and Mrs. Grant Thompson of Kawkawlin, the latter who was formerly Lucille McPhee. Mother and babe are at Mercy Hospital, Bay City.

Frank Drees arrived in Grayling the last of the week from Akron, Ohio, where he has been since leaving Grayling shortly before Christmas. Mr. Drees had planned to go to Asheville, North Carolina for the winter months, but he has been laid up for some time with an injury to his left shoulder, which resulted from a fall on some icy ground. He will be here for a few days to look after some business interests.

Dr. H. H. Pool, since leaving Grayling over two years ago, has been meeting with some success. He went from here to the University hospital in Ann Arbor where he took up some special training, graduating from that department and later serving on the faculty. Recently the family moved to Detroit, where the doctor has become associated with one of the leading specialists in Grosse Pointe. Dr. Pool's many Grayling friends wish him unbounded success.

L. H. Chamberlin, who completed his railroad career Monday of last week, has sold his home to Edward Gierke and expects to locate in Detroit, where Mrs. Chamberlin has been for some time receiving medical treatment, and where his son and two daughters reside. Mr. Chamberlin had quite an interesting career, beginning on the Pinconning railroad, then known as the S-B & N-W. R. R., first working with an extra gang, and then firing a locomotive. When he was 23 years old he went to loading log trains, following which he had a series of promotions, first as timekeeper, then as purchasing agent and then as chief dispatcher and in 1925 was transferred to the Mackinaw division as yard master with offices at Grayling, which position he held until March 1st, 1927, except for about ten years when he served as assistant trainmaster here. Mr. Chamberlin was born in St. Clair, February 22nd, 1887 and was married June 16, 1886 to Miss Maggie Powrie of Essex Centre, Ontario. It is to be regretted that the family will give up Grayling as their home, but Mrs. Chamberlin's health is such that she needs special care; the reason for Mr. Chamberlin selling out his interests here. Ernest Larsen has been appointed to succeed Mr. Chamberlin as yardmaster, and is wished much success in his new position.

## Firestone TIRES

## NOW

is the time to have your tires overhauled before Spring opens. We have the very latest equipment for doing expert tire repairing and have secured the services of MR. EDWARD GIERKE we feel that we are better than ever equipped to take care of your tire and battery trouble. Our prices are very reasonable. Delivery made to you at any part of the city. Prompt, courteous service to all.

## VILLAGE CLERK THANKS THE PEOPLE

After seven years of continuous service as village clerk, I cannot help but be conscious of the obligation I owe the people for the honor and favor that has been so generously afforded me. I am retiring voluntarily, feeling that I should not selfishly ask to be continued in that office. I deeply appreciate the splendid favor I have been accorded and trust that my service has been such that it has been commensurate with the financial reward that office has brought me. I sincerely thank the people of the village.

Respectfully yours,  
CHRIS JENSON, Village Clerk.

A lot of ladies are going to envy John McCormack now. He took off twenty-eight pounds by dieting.

POWER CO. WARNS RADIO OWNERS

The electric company has sent the following message of caution to all radio owners in this territory, with the view of "Safety First."

Cheboygan, Michigan.  
March 3, 1927.

Dear Sir:—We are writing this letter to ask you to cooperate with us in a "Safety First" measure, which we believe may be the means of saving life or serious injuries.

The Electric Light and Power Companies all over the country are taking a very active part in safety first work and in this particular job we believe that you, as a radio dealer, can be of material assistance to us in carrying out this work.

When a radio set is sold or installed, we ask that you please warn the purchaser of the danger of attaching his aerial to an electric light pole or staking it over electric light wires. If you will do this, it will aid us materially in furthering this safety first work.

Thanking you for your cooperation, we are,  
Very truly yours,  
Michigan Public Service Co.  
E. A. Swanson, Mgr.

REPUBLICAN CAUCUS

The Republican electors of the township of Grayling will meet in caucus at the court house, Grayling, Michigan, on

Monday, March 14th  
at 7:30 o'clock p. m. Standard Time, for the purpose of nominating the following township officers, to-wit: one supervisor, one clerk, one treasurer, one highway commissioner, one Justice of the Peace, one member of the Board of Review, overseers of highways, districts Nos. 1 and 2, and four constables.

By order of township committee.  
Dated March 6th, 1927.

DEMOCRAT CAUCUS

The Democratic electors of the township of Grayling will meet in caucus at the town hall, Grayling, Michigan, on

Friday, March 11th  
at 7:30 o'clock p. m. Standard Time, for the purpose of nominating the following township officers, to-wit: one supervisor, one clerk, one treasurer, one highway commissioner, one Justice of the Peace, one member of the Board of Review, overseers of highways, districts Nos. 1 and 2, and four constables.

By order of township committee.  
Dated March 8th, 1927.

## VILLAGE ELECTION

Notice is hereby given to the qualified electors of the village of Grayling, state of Michigan, that the next ensuing annual election will be held at the Town Hall within said village, on

Monday, March 14, A. D. 1927.

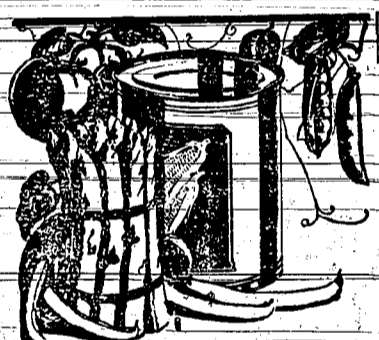

At which election the following officers are to be elected, viz: 1 village president, 1 village clerk, 1 village treasurer, 3 village trustees for 2 years, and 1 assessor.

Polls will be open from 7:00 a. m. to 3:00 p. m. on above date.

Dated this 1st day of February, A. D. 1927.

CHRIS JENSON,  
Clerk for said Village.

In modern traffic, he who hesitates is bumped.—Boston Herald.

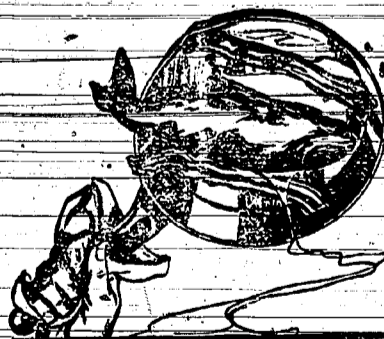

## Canned Fresh

Canned goods on our shelves have all been canned when fresh. This means that when they are served on your table they bring with them the taste of fresh vegetables.

## Farm Bureau Notes

R. D. Bailey, Co. Agricultural Agent

### A True Story

Recently, while riding with the county agent of a near-by county, he told me of an incident that happened in that county that made me have more faith than ever in the ability of the mail to deliver a letter to help her owner.

The county agent was at work in his office. In came a farmer and the agent told him that the man he had never seen.

Agent: "What's the matter, John? Are you in trouble?"

John: "Yes, I am."

Agent: "Have a seat. Let's talk things over."

John: "Do you know of any way that a farmer can make any money? I've got to make some. I'm at the end of my rope."

Agent: "Tell me just how things stand with you."

John: "I've got 320 acres of quite good land—I milk 16 cows. I raise practically all my feed. I have one can of cream a week to sell from all these cows. I am as far in debt as I can get. For I owe both banks all the money I own. I owe all over for groceries, tools and supplies. I can't go on this way much longer."

Agent: "Only one can of cream a week from 16 cows on a 320-acre farm! In debt everywhere! Must be something wrong. What kind of feed do you raise and feed?"

John: "Timothy."

Agent: "Got any alfalfa?"

John: "No, and don't want any. I've heard that ensilage is bad for cows makes teeth drop out. Tots holes in stomach, wears 'em out soon."

Agent: (would have smiled if the case had not been so serious). "Ever pay much attention to feeding? Balanced rations? Ever look into how others make cows pay?"

John: "Naw! All that damned stuff is just book farming. I've farmed 30 years; you can't show me much about feeding cows."

Agent: "Do you have any faith in me? Do you think that I would purposely steer you wrong?"

John: "No; they say you are on the square."

Agent: "We have a trained, cow-tester in the county who calls one day a month on those who join the cow-testing association, weighs the milk, tests it for butter-fat, estimates the value of the feed, observes whether changes should be made in feed or not, and shows the farmer which cows are worth keeping, and which ought to be sold to the butcher. He is a pleasant fellow. Will you let me send him out to talk with you about your cows?"

John: (slightly). "Yes; but the women folks will not want him around to be a day and a night each month. They know they will not. Guess they don't much care to improve our way of keeping cows."

While John went about some other business in town the county agent got in touch with the cow tester, and hurried him out to John's farm. The tester, a really likeable fellow, made a hit with the women folks. When John arrived at the farm he found the tester milking the herd. In fact, they had it nearly done. Mr. John had half a notion to read at finding the tester there so promptly, but got to liking him during the evening while the tester was testing the milk and

visiting meanwhile.

John: (to tester and county agent). "Well, I will follow your plans for awhile and give them a good try-out. They can't make things any worse for me than they are now. Go to it. Do your damndest. I'm game."

Not to drag out this story too long, we will give you the high spots. The tester showed John that the ration he was seriously lacking in succulence (richness) as he had neither roots nor silage; that Timothy hay is very poor; that milk-making qualities of a cow drink a day of ice-cold water in winter was not enough water.

The tester and county agent persuaded John to use lime and sow a liberal acreage to alfalfa; to cut the herd from 16 to 12 cows; to put up a silo; to feed the proper amount of grain, winter and summer.

The result is that the 12 cows made 3 cans of cream per week where the 16 had made one; there are water bowls in the log barn; there is a silo at the end of the barn; the debts were paid; but \$25 when I talked with the county agent last December 12. John looks and acts like a new man; he is a booster for farm life, and especially dairying; a booster for silos, water bowls and alfalfa. When it was thought best to form another cow-testing association, John was the biggest booster for it and did nearly all the work in getting the association started. John is planning a new modern dairy barn.

The following letter is being sent this week to all our farmers:

25 PER CENT INCREASE IN INCOME THIS YEAR

On every Crawford county farm there can be a 25 per cent increase in income if every farm family, particularly the man, will plan to have it so.

This increase will come to different farms in different ways. To some, through better planning and more planning. Others, starting earlier in spring and making each day count for more. Others need to use a larger acreage and to make better use of it. On some, cows need to be fed better.

Increased income will come to others by keeping two or three extra cows, making special effort to raise more hogs to sell, and provide rape, clover or alfalfa pasture for them. Others need to have more hens, better culled, housed and fed. Some don't use all the manure. Others waste vast amounts of valuable manure by not having cement gutters.

Nearly all make the barnyard horribly dirty by yarding cows there and lose fertilizer that would grow a nice piece of roots or fodder crop if cows were yarded in a lot fenced off near the barn. Next year fence off another lot and grow roots and fodder crop on the first lot. Alternate each year. Nearly all should stop this everlasting buying of hay. They should and could raise it. Many farms have no clover at all, or a poor growth. All could have plenty of clover, sweet clover and alfalfa if they would use about 2 tons of lime per acre. If our farmers would spend half as much for lime as they spend for hay they would not have to buy hay. Spend half as much for lime as for hay, and the lime lasts for 10 to 15 years, producing hay all the time. Cheaper to buy lime than hay. Why can't farmers see this? On most farms it would pay to use commercial fertilizers, too, on corn, oats and potatoes. Don't say that you can't afford to use lime or fertilizers, then spend twice as much for feed each winter. If a farmer can get the money for feed, he can get it for lime and fertilizers, both of which help the land and do not cost more than half as much as the feed they bought.

Every farm without a silo needs to raise an abundance of carrots, rutabagas and mangels, not just one of these, but an acre at least of the three. They are splendid in wintering cows, horses, hogs and hens. Nearly every farmer needs to raise a green manure crop to plow under for the good of the land. What have you done for the good of your land lately? Green manures and commercial fertilizers are necessary, for none of us have enough stable manure to go around. Every farm needs an acre of fodder corn to call cows home at night, and to keep them up on milk when pasture is dried up. No need to suffer a decreased yield then keep them up in production with grain and fodder corn. Begin to use corn when it is knee high. Pull it at first. Use it liberally.

Let's have a widespread effort to make a 25 per cent increase in income on every farm in the county. Where there is a will, there is a way.

Talk over plans with the county agent. See if he can show you where an increase in income is possible. He thinks that he can do it.

R. D. BAILEY, County Agent.

Office in Goudrow building, across from court yard.

A SMALL BUT VALUABLE JOB FOR GRAYLING AND FREDERIC BUSINESS MEN

There is a destiny that makes us brothers.

None goes his way alone. What we put into the lives of others, comes back into our own.

As the farmers of the county prosper better, they will have more money to spend. It is estimated that an increase of \$50,000 can be made in the money spent among us by our farmers. A new is on foot to have each farmer endeavor to increase the income from his farm this year by 25 per cent. The county agent is endeavoring to show each farmer how this increase is possible on his farm. It can be done. There is no doubt that our farmers can have much more money to spend among us through improved methods on their farms.

The Grayling Board of Trade is behind this movement, and has appointed a committee to push it. The prompt and continued help of every last person in any way connected with business in the county is needed, expected and depended upon. We do not plan on finding any slackers among the business people. This committee on Agriculture wishes you to interest yourself in our farmers right away, and to KEEP UP. One little spurt of enthusiasm will not suffice.

You are asked to talk pleasantly about the farm and farming to each member of a farm family with whom you come into touch, and every time there is a chance. It is human nature that when someone shows an interest in us and in what we are doing, we try to live up to their expectations.

You are asked to say things like this, for instance: "Well, John, going to start a piece of sweet clover or alfalfa this year, aren't you?" "Ever talk with the county agent about building up that piece of land?" "Well, George, going to use some lime this spring? They say that most of us here will have to use it. They say it is far cheaper to buy lime than hay; that if farmers would spend half as much for lime as for hay, they would not have to buy hay, and they would have a lot to show for it."

"What do you think about the idea of yarding cattle nights, in a lot that you can crop to roots or fodder crop next year, instead of in the barn yard?" "Say, Frank, I believe it would pay you to do more with hens. They say that hens, well managed, can be made to pay the grocery bill."

Why not raise rutabagas, mangels, carrots and rutabagas, corn and fodder, and not pay out so much for feed?" Many other suitable things to say will come to your mind. We depend on you to say them, and to keep on saying them, and showing an interest in our farmers.

MARIUS HANSON, M. A. BATES, R. D. BAILEY, Committee on Agriculture.

TIME, RATE AND METHOD OF APPLYING LIME

(By O. B. Price, Agricultural Agent, Michigan Railroad.)

Many farmers begin to consider the spring limestone needs about this time of the year. It is a good time to secure samples and get quotations on the various kinds of liming materials and determine just what will be required. By placing the order early there need be little worry of getting the lime after the crops have been planted.

Most of the limestone used in Michigan is applied during the summer months, and for this is on account of the summer and early fall seedings of alfalfa. Where alfalfa is seeded in the spring it should be in the northern counties, the lime should be applied during the preceding fall.

One way is as follows: 1—Catch the chicken and ordinary old hen and do 2—Hold the chicken's bill close to some flat surface, a walk or board floor. 3—With a piece of chalk tap on the floor directly in front of the chicken's bill. 4—Draw a heavy, straight chalk line, not less than two feet, immediately in front of the chicken's bill and leading directly from it in the direction the chicken. 5—Now let loose the chicken gently and remain perfectly quiet, and if there is no movement nearby the chicken will remain for a considerable time staring at the line.

51. How to Hypnotize the Common Barnyard Chicken? One way is as follows: 1—Catch the chicken and ordinary old hen and do 2—Hold the chicken's bill close to some flat surface, a walk or board floor. 3—With a piece of chalk tap on the floor directly in front of the chicken's bill. 4—Draw a heavy, straight chalk line, not less than two feet, immediately in front of the chicken's bill and leading directly from it in the direction the chicken. 5—Now let loose the chicken gently and remain perfectly quiet, and if there is no movement nearby the chicken will remain for a considerable time staring at the line.

52. What is Direct Current? Direct current (abbreviated D. C.) is an electric current that flows thru a wire constantly in one direction. A storage battery delivers a current of this kind.

53. What is Alternating Current? Alternating current (abbreviated A. C.) does not flow steadily in one direction. At a given instant it is flowing through the circuit in one direction; the next instant in the opposite direction. Each change of direction is known as a "cycle." Ordinary current for light and power is known as "A. C. current," which means that it has gone through 60 reversals of flow (cycles) in one second. Radio waves are alternating.

54. What is the Detector as used in Radio? The ariel, or some other device, receives the incoming radio waves and passes them on to the "Detector,"

either a crystal or a vacuum tube. The vibration of these alternating radio waves are several hundred thousand, even millions, per second, and will not produce any sound in the usual telephone receiver, because they are too rapid.

A peculiarity common to both crystal and vacuum tube is that either of them will allow an alternating current to pass through it in one direction only, but not in the opposite direction, thus converting alternating current (a two-direction current) into pulsating direct current, giving a series of pushes, as it were, in one direction. This slows down the rapid radio waves to audio frequency, so that the latent sounds modulated onto the radio waves at the sending station can be reproduced by means of a suitable sound-producing equipment, either had phones or loud speaker.

55. What makes Bread dough rise? When flour and water and yeast are mixed and set in a warm place, the heat and the action of the yeast turns a part of the starch of the flour into sugar; the yeast turns the sugar into alcohol, and in doing this throws off small bubbles of carbonic acid gas (the same gas which causes the foam- ing of soda water.) The sticky nature of the gluten in the dough prevents the escape of the gas bubbles, and the whole mass becomes porous and light. When set in the oven the bread continues to rise until the whole mass is heated to about the temperature of boiling water, when the fermentation is suddenly checked. The cooking kills the yeast, and also drives out the small amount of alcohol produced by the fermentation.

56. Why was the Vegetable Kingdom created before the Animal Kingdom?

Until plants developed, there was nothing for anything else to live on. From the beginning, plants have lived on the lifeless matter of the earth; and in addition to feeding themselves have produced everything except water upon which the animal lives. In short, it feeds everything that is not a plant. To go back far enough, even the flesh-eating animals are vegetarians, because the lesser animals on which the carnivorous animals subsist are grass and plant eaters—vegetable food in a refined form. The plant can live without the animal, but the animal cannot live without the plant.

57. Why was the Vegetable Kingdom created before the Animal Kingdom?

Until plants developed, there was nothing for anything else to live on. From the beginning, plants have lived on the lifeless matter of the earth; and in addition to feeding themselves have produced everything except water upon which the animal lives. In short, it feeds everything that is not a plant. To go back far enough, even the flesh-eating animals are vegetarians, because the lesser animals on which the carnivorous animals subsist are grass and plant eaters—vegetable food in a refined form. The plant can live without the animal, but the animal cannot live without the plant.

58. Why was the Vegetable Kingdom created before the Animal Kingdom?

The plant can live without the animal, but the animal cannot live without the plant.

79. Why was the Vegetable Kingdom created before the Animal Kingdom?

Until plants developed, there was nothing for anything else to live on. From the beginning, plants have lived on the lifeless matter of the earth; and in addition to feeding themselves have produced everything except water upon which the animal lives. In short, it feeds everything that is not a plant. To go back far enough, even the flesh-eating animals are vegetarians, because the lesser animals on which the carnivorous animals subsist are grass and plant eaters—vegetable food in a refined form. The plant can live without the animal, but the animal cannot live without the plant.

80. Why was the Vegetable Kingdom created before the Animal Kingdom?

Until plants developed, there was nothing for anything else to live on. ## Doctor Gave Old Man

There were no less than ten patients that morning at the country doctor's office before he could find breakfast. One was a pitiful, gradually poor and nearly blind trouble was in his ear—which did not indicate at first. He apprehensive about taking the doubt his confidence until a letter had been cleared up. "Will your charge for a visit?" he inquired, with a stealthy approach to the subject. His mind, "pay for the examination two ears?"

"Oh yes," was the doctor's answer. He was a little in with the old man's hesitation, wanted him to come to the point, lost of loss of time. "Oh yes, I will pay for both ears."

"Well, in that case," the patient replied, "one ear will be of no price, won't it?"

That was a clever piece of acting the doctor had to recognize. He recovered from his surprise, the old fellow had put up a case of price treatment that was difficult to overcome. So the doctor said, "price for one ear would do."

The afflicted ear was examined properly treated. The patient paid the half price, but that was the country doctor scored.

"No, keep your money. There is no price this morning."

The old man tottered feebly to the door and the doctor, while he him, laughed softly. Springfield publican.

**Lurch of Avalanche**  
**Stopped by Co-**  
The lurch of the Rocher de la Sette, in the Jura, near Neuchâtel, Switzerland, some twenty years ago, was one of the rare cases which has been able to avert a third avalanche. Engineers were working with concrete, that they may stop up the mountain and save the valley of the Areuse, and its electric power-generating torrent, from a slide.

Britain has a sliding mountain, Troedrhafwyluch pen, near Kington, Glamorganshire, whose restless side years has broken the road. The valley water mains, which supply more than 100,000 persons, twisted and broken, cracked walls, houses and opened great fissures. Also caused and damage done by a landslide of Oaker hill, just north of Metlock, in May, 1923, and above the Mole, near Dorking, slipping recently.

**Big Journeys by Animals**  
Tigers are great travelers. They go to the hills of China, Mongolia and Siberia, which have been known to cover 60 and 70 miles in the course of a single night's strolling along the game trails on the timbered hills. Sea lions, it is proved, make 10,000 mile journeys and sails for the breeding grounds in Alaska have been found on the beaches. At harvest time, and droughts enormous armies of locusts have been counted on the plains of Hungary and elsewhere in eastern Europe, and all along the Arctic coast from Greenland to the Bering Strait.

**California's Borax**  
When the search for gold in California was at its height in Jannanah, Dr. John A. Veatch discovered in the waters of Tuscan spring, a source of wealth among California's natural resources. Today California produces the largest part of the world's supply of borax. In the dry lake-bed type, and the worked, until 1897, when the type deposits, so named after Coleman, associated with (Borax) Smith in their development were discovered. Since that time, the dry lake-bed type have been worked and colemanite has been the only type of borax mined recently.—Mercantile Trust Review

**Criminal Colds**  
For a jury to acquit a prisoner on the ground that he was suffering from a cold when he committed a crime sounds ridiculous. But here, this may be accepted as a plea by even the sternest judge. According to a famous deduction of the nose and cavities, a skull by cold germs often results in confusion and lack of memory. Disturbances of this nature can lead a person to act abnormally.

A woman stole a ring from a dressing table. Everyone thought it was a common thief. It was later that she was suffering from a severe cold and was incapable

**Joshing the Elevator**  
The old fellows who run **r**  
in public buildings are notorious  
illiterate and independent. A  
citizen, relates the News, was  
conveyed by one of these  
favoured by a slow and digni-  
ficer to the top of the post office  
finger. Then the old man stopped  
slowly and deliberately open-  
door to let his passenger or  
passenger handed him a traffic  
ticket for speeding. It made  
elevator man mad for two days.

## GENERAL MOTORS' LATEST ACHIEVEMENT

The New and Finer  
PONTIAC SIX

SEDAN  
\$775

Oakland today announces an entirely new line of Pontiac Sixes, notably enhanced in beauty, incorporating numerous refinements in design, and carrying new low prices.

## New Fisher Bodies

Never in any low-priced six have been achieved such commanding beauty and luxury as in this latest achievement of General Motors. Lending luster to even the Fisher tradition of masterly craftsmanship, the new bodies by Fisher are longer, lower and superbly executed to the slightest detail.

## All New Duco Colors

All body types are finished in new combinations of Duco colors. Original and fresh, these colors range from Beverly Blue and Black on the Sedan to Cherokee Gray on the Sport Cabriolet.

## New Beauty and Style

Pontiac Six beauty has always been outstanding. But now in these new and finer models has been achieved not only new beauty but also an arresting rakishness—the results of a deeper radiator; larger, heavier, and more sweeping crown fenders; and more massive headlamps. Windshield and body

pillars are narrowed to conform to the accepted custom-built vogue and to provide a wider arc of visibility. Window ledges are smartly recessed and finished in a contrasting color.

## Mechanical Refinements

In addition to the numerous elements of greater beauty and style, the new and finer Pontiac Six introduces many new features and refinements in engineering design—such as tilting-beam headlights with foot control, new transmission and brake levers, steering wheel with aluminum spider, a clutch even smoother and more positive in action and an oil-sealed universal joint.

## Two New Body Types

Two entirely new body types of characteristic beauty have been added to the Pontiac Six line. These are a dashing, youthful Sport Roadster, finished in Lucerne Blue, striped with Faerie Red; and a 4-passenger Sport Cabriolet, with Brevort Green top and fenders, and body in Cherokee Gray, striped with orange to rival in smartness the highest priced cars of the day. Come in and see the New and Finer Pontiac Six!

## AT NEW LOW PRICES

Sedan - \$775 Sport Roadster \$775 Sport Cabriolet (4-pass.) \$835  
Coupe - 775 Landau Sedan 895 DeLuxe Landau Sedan 975

but we failed to see a single member of the legislature there. Most of them are married.

The gas tax for January dropped off about \$1000,000, the first decrease for a number of months. A committee consisting of Senator Peter Lennen, Rep. Wilbur Shaw and Assistant Attorney General Kit Cady went to Grand Rapids this week to look up matters at the Michigan Soldiers' home. It is possible they will recommend a legislative investigation, if they find conditions require it.

The utilities commission has authorized a physical "hook-up" of the lines of the Consumers Power Co. and the Detroit Edison Co., which will enable each company to help out the other in case of emergency.

## GRAYLING SCHOOL

Editors: Janice Bailey, Edward Mason, Ethel Taylor.

The Senior Epitaph  
The seniors' books are dust,  
Their fountain pens are rust,  
Their school they'll never forget,  
We trust.

The seniors wings have grown,  
And from the nest they've flown—  
We trust they'll stop on Mars to phone.

Mother—"And what did you learn in school today, dear?"  
Shirley—"Oh, mother, I don't have to educate you all over again, do I?"

It is all right to laugh last if the laugh lasts.

Lacey—"Why does Carl call Ada 'Gold Medal'?"  
George—"I guess because she's been through the mill."

People do not lack strength; they lack will.—Hugo.

Norval—"Should Edward make a good policeman?"  
Earle—"Shucks, no! He couldn't even arrest your attention."

In idle wishes fools supinely stay,  
Be there a will, and wisdom find a way.—Crabbe.

Maggie H—"Would you rather an elephant killed you or a gorilla?"  
Janice—"Rather the elephant killed the gorilla."

We know what we are, but know not what we may be.—Shakespeare.

Helen—"I wish I had lived three hundred years ago."  
Luelle—"Why?"  
Helen—"I shouldn't have had so much history to learn."

Gems from Recent Examinations  
Joan of Arc was canonized by Bernard Shaw.  
Theseus begged Minos to try and kill the labyrinth.

Sir Walter Scott wrote 'Fuefelin, Durwood, Ivanhoe and Emulsion.

A talisman is a man that calls every word for the furniture money.  
Michael Angelo painted the selling of the cistern chapel.

Fallacy is another name for suicide.

The truest wisdom is a resolute determination.

Edward—"Dad, what is a peace offering?"

Mr. M—"Anything from a box of candy to a fur coat, son."

Emma—"I saw Pauline yesterday and we had the loveliest confidential chat together."

Marie—"I thought so; she wouldn't even speak to me today."

The gods sell anything and to everybody at a fair price.—Emerson.

Ada K—"What is your car, a five passenger?"

Earle G—"Yes, but I can get eight in it if they are well acquainted."

Burnham's high school basketballers played West Branch St. Joe's Friday night adding another victory to their list, winning by a score of 31-4. The first quarter was very fast, but then Burnham's slowed up. The line-up for Grayling was as follows:

L. Stephen—Center.  
V. Smith—F.  
F. Brady—R. F.  
C. Wylie—R. G.  
G. Schroeder—L. G.  
Suls—H. LaGrow, T. LaVack, Elmer Fenton.

B. E.'s basket ball bobbies drove to Boyce City last Friday to play there. When the Boyce City girls came here a week ago Friday they lost and were determined they would win at home, which they did, the score being 18-16. It was a hard game but fast and interesting, every body doing their best. The referee was from Petoskey.

After the game they gave a dance for our girls and the boys who played there the same evening. Much is to be said in favor of their high school orchestra which rendered some excellent music.

The girls were taken to private homes for the remainder of the night, what there was left of it. A banquet was served Saturday noon and if you want to know how good it was ask any of those who went.

The decorating committee has started work on decorations for the Junior Prom, to be given, Friday, April 22.

Class B of the third grade, with their teacher, Mrs. Burnham, visited the bakery last Monday morning and found the following:

Inside Our Bakery  
We had a fine time at the bakery. The bakery was very clean inside. We saw them making bread. They put 300 lbs. of flour, 150 lbs. of water, 7 lbs. of yeast and some sugar, salt and lard into the mixer. We saw them take big chunks of dough and put them on a table. Mr. Cassidy cut off chunks and Mr. Smith made each loaf weigh 22 ounces.

They made the dough into balls and put them to rise. Then they put the balls into another machine, which kneaded them and rolled them into long loaves. These were put in tins and wheeled into the steam room to rise. Then it is ready to bake. The bread has finished its journey and is ready to go to our houses. We enjoyed our trip. Thank you, Mr. Cassidy.

Representatives of several of the states bordering on the Great Lakes met here Thursday for a conference on proposed uniform fishing laws, to govern commercial fishing on the Great Lakes. It is proposed to have the federal government and the Canadian government work with the lake states for uniform laws.

An important conference attended by members of the legislature, automobile men and highway men, was held here Thursday night to consider license and gas tax plans and the various bills introduced and proposed. Various opinions were expressed by many. Hon. P. T. Colgrove, president of the Michigan Good Roads association, advocated a reasonable increase in the gas tax, but opposed doing away with the weight tax, or the adoption of the permanent license plate idea.

Barring of heavy trucks during the spring break-up was advocated at a meeting of a large number of highway commissioners with the state highway department.

There was a boxing show at Prudden auditorium Wednesday evening.

ANNUAL BANQUET  
NEXT WEEK

BANKER AND CONSERVATION  
DIRECTOR TO ADDRESS E. M.  
T. BODIES MEET

Reservations are now being made for the joint banquet of the East Michigan Tourist Association and the North Eastern Michigan Development Bureau, and indications are that the reservation list of 500 will be exhausted long before the day of the banquet, March 17. The banquet will be held in the evening at 7 o'clock at the Wenonah hotel auditorium.

Business meetings of the two organizations will be held in the afternoon at the Shoppenagon Grotto auditorium. At these meetings officers will be elected, reports will be made and programs adopted for 1937.

The speakers at the banquet in the evening will be Carroll F. Sweet, president of the Old National Bank of Grand Rapids, and Leigh J. Young, director of the Michigan Department of Conservation. Mr. Sweet is president of the West Michigan Tourist & Resort Association and one of the best informed men in the state on the tourist and resort industry.

Other features of the banquet program will be songs by Rev. C. E. Edinger, of East Tawas, and the Elks Quintet of Bay City; vaudeville acts from the Regent theater, music by an orchestra, etc.

Floyd A. Allen, president of the East Michigan Tourist Association and vice-president of the General Motors Corporation, will act as toastmaster.

The banquet program will be broadcast over radio station WSKC, Bay City.

PARTIES TO NOMINATE CANDIDATES

The usual caucuses for the nomination of candidates for township offices are due and the Democrats will hold their caucus in the town hall Friday night, March 15th. The Republican caucus will be held Monday night, March 14th. Both are scheduled to begin at 7:30 o'clock, which is a half hour earlier than the time of holding the village caucuses. At this time the terms of the following officers will expire:

Supervisor—A. J. Nelson.  
Clerk—C. O. McCullough.

Treasurer—Carl Jensen.  
Highway Comm.—Emil Niederer.  
Justice of Peace—O. P. Schumann.  
Member Board of Review—J. W. Sorenson.

Overseer of Highways, Dist. No. 1—Peter F. Jorgenson.  
Dist. No. 2—Henry Stephan.  
Constables—Jess Schoonover, Philip G. Zalsman, Harry Hum and Sherman Neal.

Don't forget to attend your caucus and let's select good men to fill the offices.

LOVELLS NEWS

Mrs. Lola Papenfus, who has been visiting her daughter in Detroit, has returned to her home.

Mrs. Rust of Ohio spent a few days here.

Charles Papenfus drove his car to Grayling last week. He was accompanied by John and Lee Kellogg and Jack Caid.

Bill Caid spent the week end with Roy Papenfus.

Orla Hainer made a couple of trips to Grayling with his car last week. George Burpee has moved back in Lovells again.

Miss Margaret Husted of West Branch spent the week end at the home of her sister, Mrs. Clarence Stillwagon.

Mr. and Mrs. James Husted and children of Grayling spent the week end here.

Fred Knecht of Sigbee is visiting at the home of Archie Feldhauser.

Edgar Douglas celebrated his twenty-first birthday by entertaining his boy friends at a party given Saturday night. A delightful time was had and a fine lunch served.

Peter Lovely is working camp, owing to the warm weather.

THE HOME-NEWSPAPER

The home newspaper, as an institution, has survived many difficulties; the onslaughts of opposition, the increase in cost of publication, the peril of unpaid subscriptions, the uncertainty of advertising patronage, the problems of composition, and the hazards of its own mistakes. Thru all those the home newspaper still lives. The newspaper is a growth—a development made possible by the cooperative and receptive spirit of the people. It is the echo of the community's voice, a reflection of the community's vision, and a champion of the community's rights.

Pure thoughts and short skirts don't go together, says the good moral league. Maybe that was the original intention.

INDIES TRIM  
BAY CITY "Y"

Bay City Y. M. C. A. basket ball quintet met a very decisive defeat when they played Grayling Independents on the local court Saturday evening.

The first half was Grayling's when they registered 22 points, which resulted in being their final score. Another point being made during the remainder of the game. The Y's score at the end of the first half was 5 and they annexed nine more in the second half, making their final score 14. Johnson was the high point-getter of the evening, making ten of the Indies' points.

It was an easy game for the locals and not the tough contest that they expected. In the near future Grayling fans will have the pleasure of seeing the Independents in action against the Fort Brady team of the Soo and the Saginaw Triangles.

Following is the line-up of Saturday's game:

Independents: F. G. F.  
Reynolds, F. 3 0  
Johnson, F. 5 0  
McPhee, C. 1 0  
Robertson, G. 2 0  
Mason, G. 0 0  
Hanson, G. 0 0  
Milnes, G. 0 0  
Buraham, G. 0 0  
11 0

Y. M. C. A.: F. G. F.  
Buzzard, F. 3 0  
Tews, F. 0 0  
Meisel, F. 0 0  
Amrein, G. 0 0  
Brown, G. 3 1  
Peets, G. 0 0  
6 2

Referee, B. E. Smith; Timekeeper, Carlyle Brown; Scorekeeper, Don Reynolds.

AUCTION SALE

Two stray horses will be sold at public auction at the highest bidder at Barn No. 2 at the Hanson State Military Reservation on March 28th, at 2:00 o'clock p. m.

LeRoy Pearson, Quartermaster General.

STATE OF MICHIGAN

The probate court for the county of Crawford.

At a session of said court, held at the probate office in the village of Grayling, in said county, on the 17th day of March A. D. 1937.

Present: Hon. George Sorenson, Judge of Probate.

In the matter of the estate of Marshall A. Atkinson, deceased.

Lottie Atkinson, administratrix of said estate having filed in said court her final administration account, and her petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate, to the legal and lawful heirs of said estate.

It is ordered, that the fourth day of April A. D. 1937, at ten o'clock in the forenoon, said probate office, be and is hereby appointed for examining and allowing said account and hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Crawford Avalanche, a newspaper printed and circulated in said county.

GEORGE SORENSON, Judge of Probate.

(A true copy.)  
GEORGE SORENSON, Judge of Probate.

Legislative  
Letter

Remarkable was the quietude of the early part of the week. Both branches met Monday afternoon and in neither was a quorum present. The Republican state convention at Grand Rapids was too great an attraction. Both Senate and House convened at two o'clock Wednesday afternoon, however, and now that politics has been cleared from the decks to a greater or less extent business is booming.

A brief session of the House was held Tuesday evening at which Rep. Joseph Armstrong of Detroit introduced a bill which would make the Public Utilities Commission take charge of radio affairs in the state in the matter of control of broadcasting stations.

The rain-makers of the legislative body have about decided that the Arabs are endeavoring to steal their last oasis by enactment of the Pulver resolution which recently passed the Senate and is now in committee in the House.

The resolution recedes aries; and would entitle them to reaction taken 14 years ago petitioning congress for a constitutional convention. If four more states should petition similarly, congress could call for a constitutional convention, at which time an amendment repealing the prohibition law could be brought before the country, even though that comes to the floor.

The proposition was not the primary reason for the states asking for a convention. So providing for a state apportionment on the basis of citizenship rather than on the basis of inhabitants. Mr. Warner on the matter is freely predicted.

Another of Senator Pulver's bills introduced Wednesday, the "smelling" bill, pointed by the state board of education and permits officers to obtain search warrants on affidavit of scenting the odor of liquor or meat, but does not warrant an arrest unless actual man-

ufacturing of liquor is found. The Horton bill, providing funds to fight the corn borer, also was approved by the Senate Wednesday. This appropriates \$200,000 for 1937 and a similar amount for 1938, and this appropriation automatically brings Michigan into line with \$2,000,000 from the federal government to be used in the corn borer war in Michigan during the next two years.

Senator Joseph E. Watson, who is a Bronson banker with a long and distinguished service in both houses, introduces a bill providing a minimum sentence of 20 years for bank robbery or less extent business is booming.

The Senate concurred in a House resolution which will put the proposed constitutional amendment, allowing organization of metropolitan districts up to the voters of the state again at the spring election of April 14. This amendment would permit two or more cities, villages or townships to combine for financing and operating public utilities.

Senator Person of Lansing fosters a bill providing for a minimum sentence of 20 years for bank robbery or less extent business is booming.

The House has passed a bill introduced by Rep. Jesse E. Fuller of Alma, requiring the superintendent of public instruction to give a bond of \$10,000, the expense to be borne by the state.

A bill sponsored by Rep. Wm. Farland of Detroit providing more severe punishment for persons giving false alarms of fire passed the House as did one introduced by Rep. W. P. Strauch of Vernon, regulating the compensation of veterinarians in contagious livestock work.

Rep. Chas. Culver of Detroit has introduced a bill providing for a state board to examine, register and license chiropractors.

Rep. John Gillette of Kalkaska fosters a bill providing for consolidation of libraries in adjoining townships if the voters of the proposed district ap-

ment bonds, and another to allow the creation of special tax districts for public improvements.

The Watson bill extending mechanical lien privileges to apply to fur-bearing animals and dogs passed the House.

Senator Peter B. Lennen is up in arms because his concept of resolution providing for an investigation into crime conditions in Michigan, and aimed primarily at Detroit, has been sent to the House committee on rules and resolutions, a sort of community cemetery. The resolution passed the Senate by a good majority, and Senator Lennen proposes to put up a fight to see that it does not expire in the House.

The Brake bill to exempt fruit packers and shippers from the operation of the minimum working week hours for women and minors has passed the House.

Senator Chas. E. Green of Richmond has introduced a bill providing that control of construction of trunk lines through villages and cities be taken from the state-highway department and given to the counties in which such roads are located.

The House has passed a bill introduced by Rep. Jesse E. Fuller of Alma, requiring the superintendent of public instruction to give a bond of \$10,000, the expense to be borne by the state.

A bill sponsored by Rep. Wm. Farland of Detroit providing more severe punishment for persons giving false alarms of fire passed the House as did one introduced by Rep. W. P. Strauch of Vernon, regulating the compensation of veterinarians in contagious livestock work.

Rep. Chas. Culver of Detroit has introduced a bill providing for a state board to examine, register and license chiropractors.

Rep. John Gillette of Kalkaska fosters a bill providing for consolidation of libraries in adjoining townships if the voters of the proposed district ap-

## It's Pure and It's Rich

Our milk is daily subject to careful tests for pureness and richness. And it must pass these tests, otherwise it can never reach your table.

Grayling Creamery

Phone 913 and we will start delivery at once.
